

Date: 02 September 2018

Attention: Mr Douglas Fear

Dear Sir

I would like to take this opportunity to Thank Bryton's Removal of South Africa with special reference to the following Employees Namely:

**Sales**

Monique

Rene

**Moving Crew**

Jacob

BK

JM

Gideon

Andrew

Joseph

These people have made my move Very Special and every single one of them portrayed your company with the highest form of professionalism, dedication and personal attention. They took personal Pride in their working communication / mannerism and working standard, which I for one have NOT seen in many years (Believe me Sir) I have been around the block with a back ground to many Blue-Chip Corporations.

These Employees have held your company and reputation to a degree which is very rare in today's world, therefor I write this letter to you, to congratulate you as the leader of these Employees (which I am sure you regard as family) and whom you can be very Proud of. I already did thank them for their excellence portrayed, however I really think it should come from you as this is were true respect is earned.

Mr Fear I also personally Thank You, because it's evident that you have instilled these excellent values into your Employees. I believe your company can only go strength to strength with such professionalism and wish this upon you and your Company for the Future. Thanking You profoundly and Greatly Appreciated.

Yours Sincerely

Raymond Cochrane
